Sub : Removal of obstruction in Government Work of rejuvenation of Buriganga river

Sir,

We convey our gratitude and thanks for taking up the task of rejuvenation of Buriganga river in Chakdaha, Nadia District. Common people in Chakdaha and especially the environment lovers, activists and fish workers are very much concerned to see that the river get rejuvenated and water flows through it.

The rejuvenation work started as scheduled on 12.6.23 under the supervision of your departmental officers and continued peacefully. But today some miscreants have created obstruction to continue the government work. These people have encroached the river bed illegally to continue their economic activities. They are threatening the engineers who are engaged in the work.

We request you to take immediate steps to remove such obstruction and ensure that the work continues smoothly. We also request you to engage the administration to take action against such miscreants who are creating obstruction on government work.

Thanking you,

Naba Dutta

Naba Dutta, General Secretary
